

*How to make a national
Ukrainian doll
"motanka"*

Lubny School 6, Ukraine

You need

- yarn for knitting (50gr)***
- carton for stencil***
- scissors***
- ribbons for decoration***

Step 1

To make the yarn pieces of the same length, cut the rectangular carton stencil. The size is 20cm x 40cm.

Step 2

***Wind yarn on the stencil to make doll's
body, arms and hair.***

***To make the body and the hair wind
the yarn horisontally 40-50 times.***

***To make the arms wind vertically 20-
30 times.***

Step 3

***Cut the yarn from the one side and
take off from the other one.***

***Take the wound yarn intended for
the body, bend it in the center and
put in the yarn intended for the hair.***

Step 4

Leave 2-2,5 cm from the top (the yarn of the hair inside) and tie the body with a separate piece of yarn to make a head.

Step 5

The hair can also be tied with a piece of yarn or it's possible to make two plaits.

Slide 6

Make the arms in a form of a plait and tie them at the extremities with separate pieces of yarn.

Step 7

Our process is complete.

To make your doll brighter, you can decorate it with colourful ribbons.
