

How to make
A Brownie.
Lubny Specialist School 6,
Ukraine

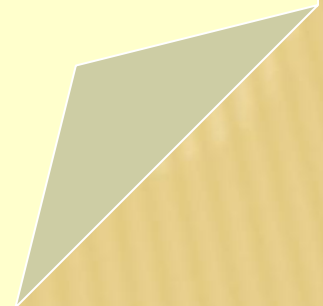

Step 1

Brownie's body

- ✘ Take a cloth of burlap or linen.
- ✘ Cut out a rectangle (approximately 35-45 cm) to make the body.
- ✘ Fold it in the middle and sew it on the sides.
- ✘ Pull the top threads (appr.10 cm) for the formation of the hair.

Step 2

Fill your bag with synthetic fur.
Tie the thread on the top
leaving 10 cm for the hair.
Tie the next thread tight
around the body thus
separating the head.

Step 3

Brownie's hands.

- ✦ Make the shape of hands and fingers from a soft wire (2mm in diameter).
- ✦ Wrap each finger with striped polyester batting and then grab the whole hand.
- ✦ Cut out 2 rectangles from women's nylon tights, cover each hand and sew it.
- ✦ Separate each finger with the help of a needle and a brown thread.

Step 4

Brownie's shoes

Cut out 2 pieces of cardboard in the form of an oval.

Stick the same shapes of burlap beneath them.

Stick the bast shoes to the body with the help of a hot gun.

Step 5

Brownie's head

- ✘ Cut out a circle (appr.5-6 cm in diameter) from women's nylon tights and insert a ball of synthetic batting, tie it to make a ball.
- ✘ A bundle of strands tie up in the middle and stick to the middle of the face. Thus you have moustache.
- ✘ Fix all the items (nose, moustache and eyes) to the face.

Step 6

- ✦ Sew a shirt from multi-coloured fabric.
- ✦ Make a hat.
- ✦ Embroider your brownie as you like using natural materials (e.g. pumpkin seeds, pine cones, coins, wheat, etc).

Enjoy the process and have
fun😊))
